

The Hanford Computer Lab was established in 1999 with grant funding from the Bill and Melinda Gates Foundation.

It is our goal to have the lab open for all patrons to utilize and enjoy. Currently, all Hanford Computer Lab pc's have Microsoft Office and access to the Internet. At this time, Internet access is filtered.

Patrons wishing to use the computer lab must have a library card. Patrons are to come to the front desk, present their card and they will be given a ticket to proceed to the computer lab. All minors under the age of 12 must be accompanied by a parent or legal guardian in order to use the lab.

Patrons may have unlimited time in the computer lab while it is open.

Patrons may bring a 3 ½ floppy from home to save work on or they may purchase one at the front desk for \$1.00. USB memory sticks can also be purchased for \$5.00. Copies made in the Lab are 15 cents each.

The Hanford Computer lab is currently manned by volunteers and paid staff. **The hours of the lab are subject to change without notice.** Patrons may call ahead to the library at 582-0261 to confirm lab hours of operation.

We are seeking volunteers for our computer lab. Please pick up a volunteer form in the lab or at the Reference desk
