LIBRARIAN'S REPORT

- The Library's new Youth Services Librarian, Share' Mayes, was formally introduced to the members. She discussed some of the things she is doing in her new position including reading stories live via Zoom and the project coordinator for the Out-of-School Time Grant.
- Updates from CA State Librarian, Greg Lucas - Sent communication to California library directors re: \$200 million for Federal COVID-19 funding for public libraries and encouraged us to share with our respective advocacy groups to contact their legislators. He also requested that public libraries complete the California Collection Protection Survey. The goal is to better understand the condition and preservation needs of these collections, so that the state library can support new and more informed policies to ensure they are protected and made accessible to all Californians.
- California Library Association (CLA) Update – CLA is encouraging public libraries to participate in doing a Day In The District. "Day in the District" is an effective way to build relationships with legislators. Developing relationships with new legislators and bolstering your relationship with continuing legislators is incredibly important for the success of CLA's advocacy platform.
- Possible Grant Opportunities – The library is considering applying for the ALA Rural Small Libraries Community Conversation grant, due March 4. Share' is completing a letter of intent to the Brea College Rural Library Fellowship by March 1<sup>st</sup>, 2021, which will target 3<sup>rd</sup> grade reading levels.
- The 2020 Virtual Winter Open House report reflecting program numbers was shared with the members.
